Requesting Audio/Visual Equipment

The Society pays for the rental and setup expenses of A/V equipment, including slide and overhead projectors and screens, requested for sectional meetings. These charges are exceedingly high. You are strongly encouraged to prepare photocopied handouts, instead of using projectors.

All Sectional Meeting rooms are equipped with microphones and black- or whiteboards.

The AOS can provide a limited number of computer presentation projectors. Reservations will be accepted and projectors provided as available on a first-come-first-served basis. There is no cost to you for the use of an AOS-provided projector.

The AOS projectors are intended for image and other displays that cannot be presented in printed handouts. PowerPoint presentations consisting merely of text to accompany lectures are strongly discouraged. Notification of availability will be sent after the Program has been assembled in mid-January 2009.

Please prepare alternate visual materials in the event that your request cannot be accommodated because of scheduling requirements, or you may provide you own projector. The AOS will not provide computers.

I shall require:

- . . . Slide projector and screen
- . . . Dual slide projectors and screens
- . . . Overhead projector and screen
- . . . Reserve Computer Presentation Projector and screen

Please explain why you need the projector: _____
