WHAT WAS, WHAT HAS BECOME STEVE STAVROPOUOS, SENIOR THESES EXHIBIT - STMD

APRIL 17 - 26, 2015

DUDERSTADT CENTER GALLERY

what was / what has become

Opening Reception

April 18, 7:00 p.m.

Duderstadt Center Gallery

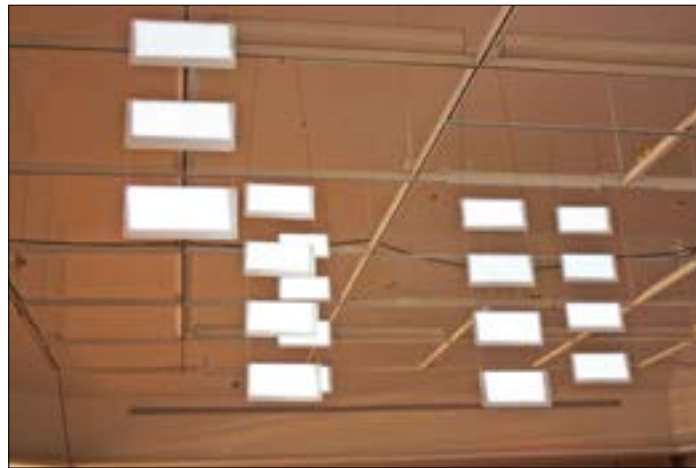

With so much information surrounding us it is difficult to notice the subtleties in the environments we inhabit. *what was / what has become*, by School of Music, Theater and Dance student Steven Stavropoulos, is an audio/video installation that explores patterns and phasing. Within the chaos of everyday life, we tend to latch onto things that make us feel comfortable. We all see and hear the same aggregate world, but it is what we find within the noise that makes us who we are.
